

Curriculum Vitae

Crystal Braun

PERSONAL INFORMATION

Contact Details: braunc@unbc.ca

CURRENT POSITIONS:

Graduate Student (since 2006)
Biology Department
University of Northern British Columbia
Thesis: *The role of weather and topography in the development of Dothistroma septosporum.*

Research Assistant
Biology Department
Nipissing University

EDUCATION

In Progress

Masters of Science (NRES – Biology),
University of Northern British Columbia.
Graduate courses: Statistical Methods for Ecologists,
Epidemiology of Forest Pathogens in a Spatial
Context, Research Design and Methods.

2005

Bachelors of Science (Biology),
University of Northern British Columbia.

POSITIONS HELD

2006 (Winter) – 2008 (Fall)

Research Assistant to Dr. Kathy Lewis, Professor at
the University of Northern British Columbia.

2007 (Fall) – 2008 (Winter)

Teaching Assistant to Dr. Roger Wheate, Associate
Professor at the University of Northern British
Columbia.

2007 (Winter)

Teaching Assistant to Saphida Migabo, Senior Lab
Instructor at the University of Northern British
Columbia.

2006 (Fall)	Teaching Assistant to Dr. Cecilia Alstrom-Rapaport, Assistant Professor at the University of Northern British Columbia.
2006 (Winter)	Teaching Assistant to Saphida Migabo, Senior Lab Instructor at the University of Northern British Columbia.
