

HIGH PERFORMANCE COMPUTING (HPC) WORKSHOPS

Session 1 - Nov 4, 2022: 11 am to 12 pm - Introduction to HPC systems

Session 2 - Nov 25, 2022: 11 am to 12 pm - HPC for research

Speaker: Nikhil P. Aravindakshan

Where: <https://unbc.zoom.us/j/9328845488/>

Pass: 251349

Both these sessions are focused on graduate students, post-docs, faculty, and any other researcher associated with UNBC. Session-1 will introduce all the HPC resources available for UNBC researchers to aid their research projects. Session-2 will be a bit more detailed on using Linux systems/servers, basic scripting and batch job submission.
