# CHEMISTRY 302 COURSE INFORMATION - JANUARY TERM 2007 ENVIRONMENTAL CHEMISTRY I

#### INTRODUCTION

Welcome to Chemistry 302. This is a course in Environmental Chemistry at the third year level. It assumes the required background of first year chemistry. It is intended for students interested in chemistry in the context of the environment.

This course is revised each time it is offered. Your constructive criticisms and suggestions are welcomed.

## **TEXTBOOKS**

There is one textbook required for this course:

Environmental Chemistry, Second Edition by Nigel Bunce.

There are a number of textbooks on various aspects of environmental chemistry available through the library. Material not in the textbook may be assigned. You will find it useful to have access to texts for first year chemistry and for physical chemistry. Recommended supplementary reading includes:

Environmental Chemistry by Colin Baird

Atmospheric Chemistry by Barbara J. Finlayson-Pitts and James N. Pitts Jr.

Chemistry of the Upper and Lower Atmosphere by Barbara J. Finlayson-Pitts and James N. Pitts Jr.

Environmental Chemistry, Fifth Edition, by Stanley Manahan

Fundamentals of Environmental Chemistry, by Stanley Manahan

Environmental Organic Chemistry by Renè P. Schwarzenbach, Philip M. Gschwend, and Dieter M. Imboden

Atmospheric Chemistry and Global Change by Guy P. Brasseur, John J. Orlando, and Geoffrey S. Tyndall

#### LECTURES AND TUTORIALS

There is one lecture section for this course held Monday, Wednesday, and Friday from 12:30-13:20 in room 5-172. The tutorial on Monday 15:30-16:20 in 5-172.

The lecturer is:

Professor Margot E. Mandy Office: 8-412 (New lab building)

Telephone: 960-6676 E-mail: mandy@unbc.ca

I am available for consultation by mutual convenience or during office hours. My schedule is posted on my door.

If there are students in this course who, because of a disability, may have a need for special academic accommodations, please come and discuss this with me, or contact Disability Services located in room 7-103.

#### LABORATORY

The laboratory will be taught by David Dick (Office 8-124). Further details of the laboratory will be available at 8:00 am on Friday 5 Jan 2007 in Room 8-364.

You must pass the laboratory in order to pass the course.

#### EMAIL LISTS

There is an email list for this course consisting of the addresses provided by students. It is assumed that students read email at least once every 24 hours and have ensured that the email address provided can receive mail sent to lists.

This course list is in addition the two lists that the UNBC Chemistry program maintains for announcements and notices: chemistrylist@unbc.ca or biochemistry@unbc.ca. To subscribe to either of these lists, send an email to majordomo@unbc.ca, leaving the subject line blank and having as the body of the message "subscribe chemistrylist" or "subscribe biochemistry" on the first line followed by "END" on the second line.

#### TERM TESTS AND PROBLEM SETS

There will be several problem sets and two term tests in this course.

#### FINAL EXAMINATION

There will be a final examination during the exam period, April 10 - 21, 2007. Any student who has due cause to write the examination on a date other than the scheduled date must notify the professor within one week of the examination schedule becoming available.

# CALCULATORS AND ELECTRONIC DEVICES IN TESTS AND EXAMINATIONS

The university's regulations and policies restrict devices permitted during an examination to those for which the instructor has given written permission. A student may use an electronic calculator during tests and examination in this course, providing it is incapable of communicating with other electronic devices. No multipurpose electronic devices are permitted. No other electronic devices are permitted.

### **MARKS**

The mark in this course will be assigned as follows:

 $\begin{array}{lll} \text{Problem Sets} & 25\% \\ \text{Two Term Tests} & 10\% \text{ each} \\ \text{Laboratory} & 25\% \\ \text{Final Exam} & 30\% \\ \text{Total} & 100\% \end{array}$ 

Penalties for Academic Offenses will be in accordance with UNBC Regulations and Policies. See pages 60-61 of the 2006-2007 Calendar.
